

BSIDES AGRA 2025

From the Taj to the Terminal – We Hack with Pride.

Tentative Dates: December 2025

Venue: TBA

ABOUT **BSIDES AGRA**

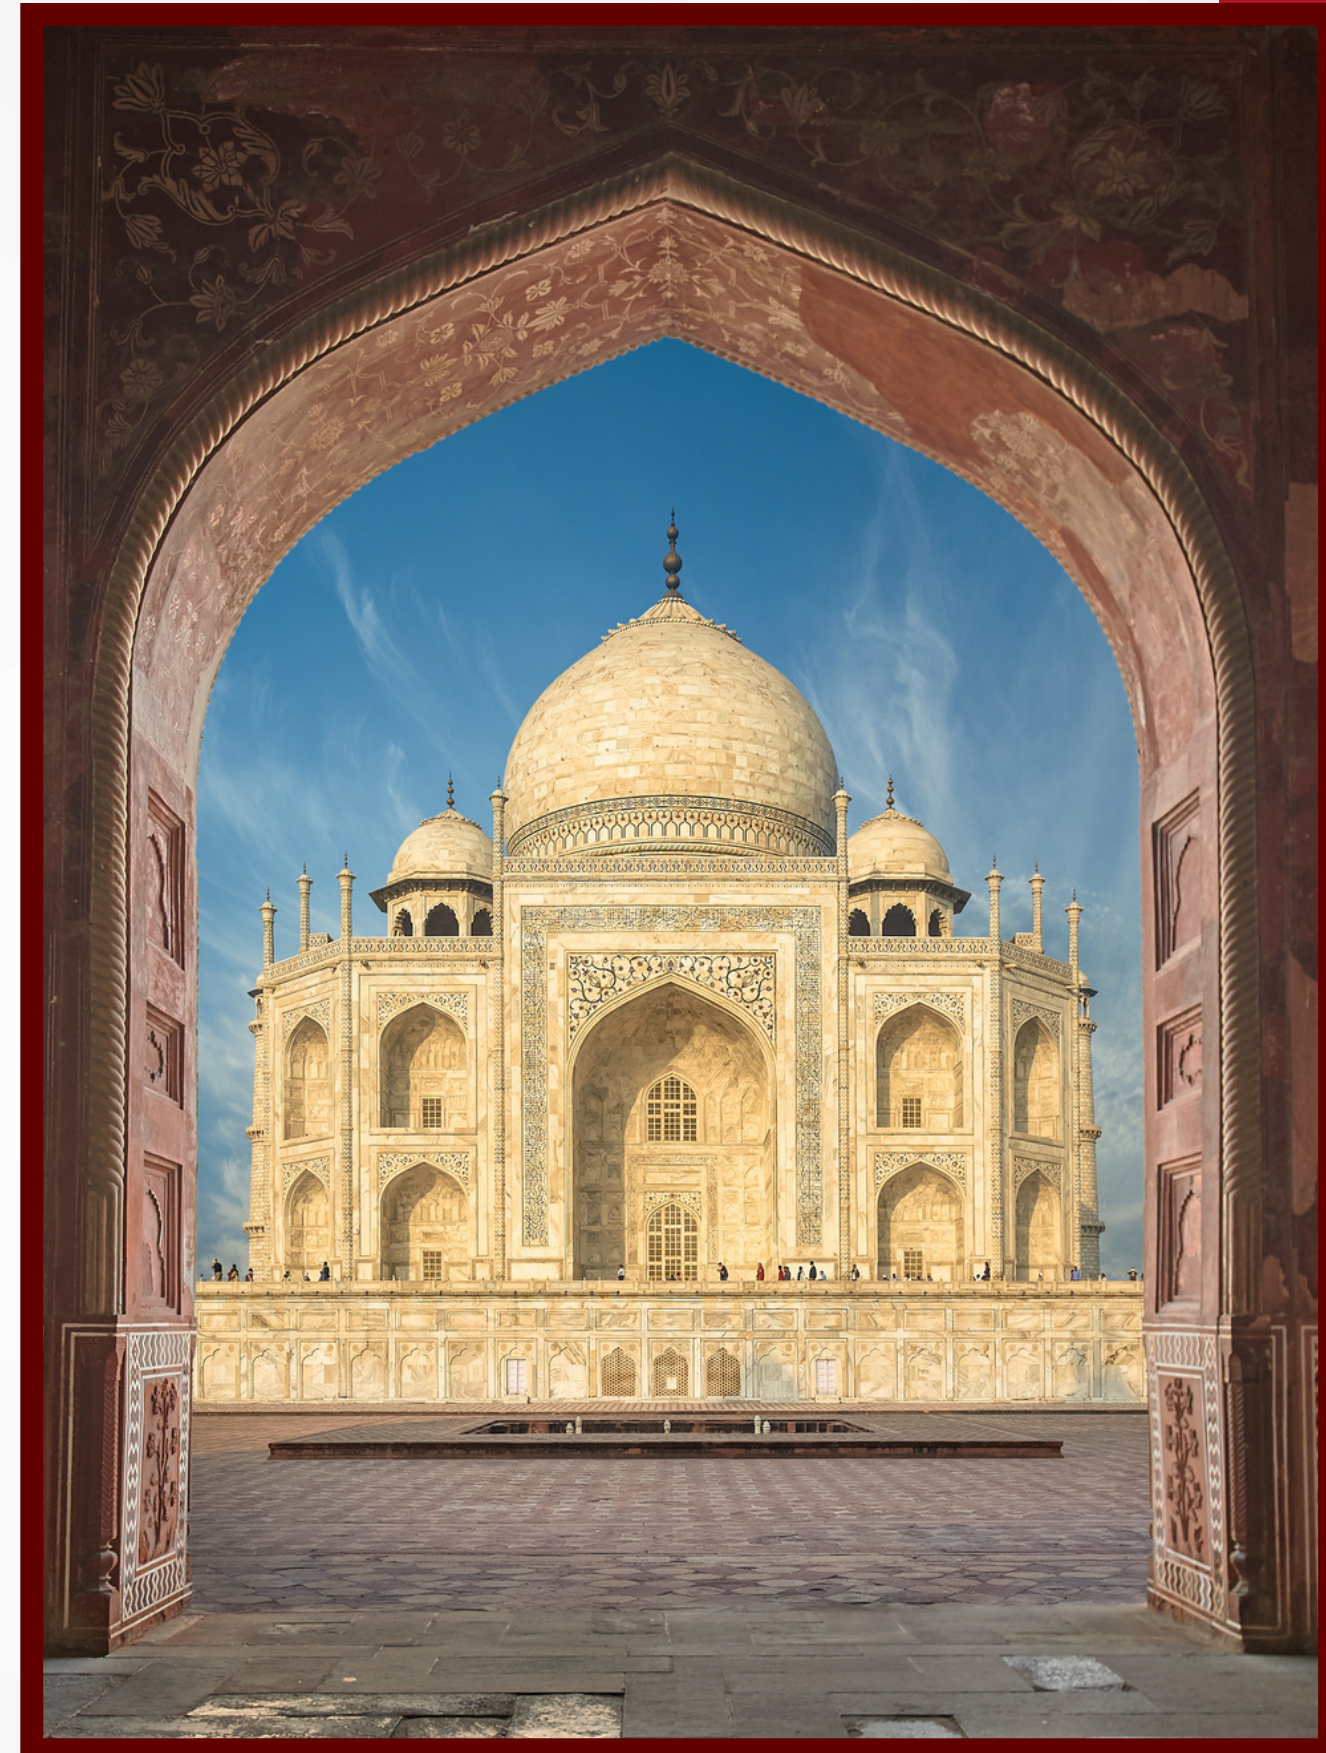

Bsides Agra is the first ever BSides in the heart of Uttar Pradesh – a grassroots-driven cybersecurity conference.

We are community-led, volunteer-powered, and vendor-neutral. Focused on technical talks, underground research, and real hacker culture, we tend to bring the most artistic and hardcore version of any Cybersecurity Conference.

Best part, its run by those who live and breathe infosec, not corporate agendas.

BSIDES AGRA **VISION**

Our motive is to bring voice to the North India's raw cybersecurity talent often overlooked.

We stand for culture, rebellion, knowledge-sharing, and tech purity. We are not just running a con, we are trying to build a movement.

Our vision is to bring underground vibe, real talk, and hands-on engagement with CTF events that can bring something new to the overall Global BSides Community.

THEME AND TRACKS

Our focus is mainly on:

- Offensive Security (Red Team, Exploits, APTs)
- Reverse Engineering and Malware Development
- Android/iOS Hacking
- Network & VOIP Attacks
- Privacy, OSINT
- Threat Intelligence
- Hardware Hacking and IoT
- AI/ML in Cybersecurity
- CTFs, Challenges, and Live Demos
- “Underground Unfiltered” – off-record hacker stories

EXPECTED AUDIENCE

- 400+ attendees from across India
- Security Researchers, Pentesters, Red/Blue Teamers
- Students, Developers, Founders, Cyber Crime Experts
- Communities from Delhi, Mumbai, Bangalore, Hyderabad, Jaipur, and more
- Local colleges and cyber clubs from Agra, Lucknow, and NCR
